

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Este informe contiene información muy importante sobre su agua potable.

Tradúzcalo o hable con alguien que lo entienda bien.

### Monitoring Requirements Not Met for River Pines Public Utility District Annual Nitrate Sampling for 2016

Our water system failed to monitor as required for drinking water standards during the past year and, therefore, was in violation of the regulations. Even though this failure was not an emergency, as our customers, you have a right to know what you should do, what happened, and what we did to correct this situation.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the calendar year 2016, we did not monitor Well 06R (PS Code: 0310006-009) for Nitrate and therefore, cannot be sure of the quality of our drinking water during that time.*

#### What should I do?

- There is nothing you need to do at this time.
- The table below lists the contaminant(s) we did not properly test for during the last year, how many samples we are required to take and how often, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

<i>Source Name</i>	<i>Contaminant</i>	<i>Required Sampling Frequency</i>	<i>Number of Samples Taken in 2016</i>	<i>When Last Samples Were Taken</i>
Well 06R	Nitrate	1 per year (annually)	0 (none)	5/18/2015

- If you have health issues concerning the consumption of this water, you may wish to consult your doctor.

#### What happened? What is being done?

We have been directed by the State Water Resources Control Board, Division of Drinking Water to collect a nitrate sample from Well 06R in 2017 and we plan to collect the sample before March 31, 2017. We will ensure annual nitrate sampling in the

future. We will notify you water produced by the well were to not meet the nitrate standard.

For more information, please contact Candi Bingham at (209) 245-6723 or P.O. Box 70 River Pines, CA 95675.

*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this public notice in a public place or distributing copies by hand or mail.*

### Secondary Notification Requirements

Upon receipt of notification from a person operating a public water system, the following notification must be given within 10 days [Health and Safety Code Section 116450(g)]:

- SCHOOLS: Must notify school employees, students, and parents (if the students are minors).
- RESIDENTIAL RENTAL PROPERTY OWNERS OR MANAGERS (including nursing homes and care facilities): Must notify tenants.
- BUSINESS PROPERTY OWNERS, MANAGERS, OR OPERATORS: Must notify employees of businesses located on the property.

This notice is being sent to you by River Pines Public Utility District.
